

Fall 2020 Challenge

The challenge for the Fall of 2020 was to build a children's toy for Christmas and donate the toy to CFA Santa's Anonymous. We had 12 participants providing over 50 toys. The toys were delivered to the collection centre where the staff were simply enthralled by the gifts and said that we really helped out and that they would ensure all the toys were given to children who needed a little boost this Christmas.
